Sir,

The Correspondence relating to the Stamp Manufactory, which took place about the date of my taking over charge of same has been handed to me for perusal and reply.

After Carefully Studying it, I have the honor to say that, so far as the question of inconvenience is likely to result from the transference of the Manufactory from the Public Buildings to the Press Premises (referred to at length in Mr. Gopalalingam's letter to the Secretary), the matter has already been settled by Government, and provision will shortly be made by new Premises to

incorporate the manufactory with the Press. The distance being so very short, I cannot see how any inconvenience can result from the removal.

I am quite in agreement with Mr. Gopalengar's suggestion that the Supervisor of the manufactory Mr. A. Sreenivas Eyyengar, (Son of Mr. A. Rangaswami Eyyengar 2^d Judge of the Chief Court) should receive an increase of salary commensurate with his responsible position and the value of the work turned out in the manufactory.

The Suggestion is that his pay be raised from Rs 60 to Rs 80 to Rs 120 maximum, to be reached in four years by equal annual increments of Rs 10/- and his security amount increased from Rs 2500 to Rs 5,000 (See Mr. Gopalengar's letter ^{x No 94 Dated 21 20-7-1905} accompanying).

I approve also of Mr. Gopalengar's suggestions as to additional remuneration of the Store Keeper, that his pay should be increased to Rs 40 to 50 in one year.

The re-arrangement of the

Establishment in order to meet these increments as further suggested by Mr. Gopalisingar, are tabulated on separate sheet accompanying this letter. They have my recommendation also.

I hope the Government will see their way to adopt the suggestions and recognise the good services of the Supervisor and Storekeeper as they may think fit.

In the event of the re-arrangement taking effect the men in question would be transferred to the other departments, as suggested by Mr. Gopalisingar.

I have the honor to be,
Sir,

Your most obedient Servant
